THE BUMPER COMPANY

How we came to be:

After working for over 30 years in the oil and gas, construction and logging industries. I came to the conclusion that the front and rear bumpers on pickup trucks were getting lighter and lighter as the years went by. A couple of years ago, while being towed into a location to perform some work, the front bumper on my ¾ ton pickup sustained some light damage.

That light damage cost over \$1500.00, only to be replaced with another flimsy bumper. So I began looking for a better product at an affordable price.

As a result, The Bumper Company was born.

At The Bumper Company we provide Canadian companies and individuals with heavy-duty bumpers and grill guards to protect their fleet and personal pickup trucks. Whether you are in the oil and gas, logging, mining, or ranching industry we have a bumper or grill guard to fit your needs.

MISSION STATEMENT

We have made it our commitment to our customers to find the best quality heavy-duty replacement bumpers and grill guards at the most affordable prices in Canada.

THE BUMPER COMPANY

BRUSH GUARD

TOUGH COUNTRY BRUSH GUARDS offer a new and unique design.

The light loops are constructed of **1-14"** pipe which gives a bold look with added strength and protection. All brush guards are frame mounted for maximum protection and most require no modification for installation or removal. The standard finish is a high gloss black industrial powder coat.

Available options for this model include:

- Expanded Metal Grill
- Light Tabs for Aftermarket Lights

Specialty Options include:

- Custom Color or Vehicle Matched Powder Coating
- High Pressure Spray on Bed Liner Finish
- 3" Body Lift Modifications

THE BUMPER COMPANY

DELUXE REAR BUMPER

TOUGH COUNTRY'S founding product was the **DELUXE REAR BUMPER**. The state of the art design features a continuously flowing **4"** pipe base with a built-in flush mount receiver.

It's sleek finish is attributed to the special attention given to each bumper during the manufacturing process. The standard finish is a high gloss black industrial powder coat. The base model deluxe rear bumper has an **8"** drop and comes complete with license plate lights, universal mount for the factory wiring harness, and a tough flush mounted receiver.

Available options include:

- Dually Wrap Around
- 10" or 12" Drop
- D-Ring Tow Loops
- Oval Brake or Backup Lights
- Sleeves for Reverse Sensors (Ford Only)

Specialty Options Include:

- Custom Color or Vehicle Match Powder Coat Finish
- High Pressure Spray on Bed Liner Finish
- 3" Body Lift Modification

THE BUMPER COMPANY

Ranch Hand's "Grille Guard" is the most popular heavy-duty grille guard on the market today. Ranch Hand grille guards give your truck or SUV that customized look while providing you excellent front end protection. Standard features include a black powder coat finish for superior corrosion resistance, custom punch plate grille insert designed to match your vehicles' billet grille, wrap around loop design, support loops, and frame mounting. Options:

Black Hammertone wrinkle finish, and rubber bumper pads on uprights. Note: Adding a body lift to your vehicle will affect the fit of our product.

Summit Series "Sports" Grille Guards

Give your truck or SUV that rugged, yet stylish off-road look. Fully welded one piece design for easy no hassle installation, wrap around loop design. The custom punched mesh has been omitted allowing you to add your favorite off-road lights to the predrilled light bar.

Available for Ford, Chevy, GMC, and Dodge

THE BUMPER COMPANY

Bullnose Bumper

Bullnose

Winch Ready Bullnose

The Bullnose front bumper replacement is a tough and dependable product designed for the customer who wants the protection of a front-bumper for their Chevy, GMC, Ford or Dodge. The Bullnose offers the "Off-Road Rally" styling with contoured skirts to protect the underside of your truck or SUV and is finished with the highest quality super polyester black pearl powder coating available today for superior corrosion resistance. Standard features include light tabs, license plate mounting holes, 2" receiver hitch, and frame mounting. Select makes and models are now able to retain tow hooks and fog lights. Off-road lights are not standard, but are available as an option. Note: Adding a body lift to your vehicle could affect the fit of our products.

Jeep Bullnose

Winch Ready Jeep Bullnose

The Jeep Bullnose is built rugged to withstand everyday highway use or the rigors of off-roading. Fully welded one piece design has an overall length of 61" and bolts to existing holes for added strength. Standard features include a built in 2" receiver, welded eyelets to mount shackle brackets and black powder coat finish. It is predrilled to mount off your favorite off-road lights (up to 6"). Winch plate is available as an option. Note: Adding a body lift to your vehicle could affect the fit of our products.

SUMMIT SERIES

SUMMIT BUMPER

**SUMMIT BUMPER
WITH
HIDDEN H2R RECIEVER**

Ranch Hand brings a new era to Front Bumper Replacements with the "Summit Series". Built out of 12-gauge diamond plate steel, the Summit Series is lightweight but durable and offers added protection to your truck. With the revolutionary new development of the patented H₂R (hidden 2" receiver) the choice is yours. This option allows you the flexibility to add a hidden 2" receiver at any time without having to remove the front bumper replacement. The receiver is frame mounted and neatly hidden behind the license plate and can be used for winches, cargo carriers or ball mounts. Note: Adding a body lift to your vehicle will affect the fit of our product.

THE BUMPER COMPANY

LEGEND FRONT BUMPER

LEGEND WITH WINCH

Trucks are built tougher and workloads are more demanding today. Ranch Hand answered the call with the Legend series front bumper replacement. The front bumper replacement is designed to take an impact both on and off the road...it is the toughest product on the market today. Each Ranch Hand front bumper replacement is finished with the highest quality super polyester black pearl powder coating available for superior corrosion resistance. The standard front end and the 8-9K winch option come standard with a wrap around 4" schedule 40 pipe bumper. The 8-9K winch option holds up to a 9500 lbs. Warn winch (excluding I series). The 15K winch option comes standard with a 1/4" formed channel bumper and holds up to a 16,500 lb. Warn winch. Standard features on all front bumper replacements include custom punch plate grille insert and 2" receiver hitch. Optional features include black hammertone wrinkle finish and rubber bumper pads on uprights. **Note:** Adding a body lift to your vehicle will affect the fit of our product.

THE BUMPER COMPANY

Cowboy Back Bumper

This rugged back bumper is made of 4" schedule 40 pipe and is V5 tested to 1000 pound tongue weight and 10,000 pound towing capacity or 500 pound tongue weight and 5000 pound towing capacity depending on the model. It is designed to accept a bolt on receiver tube although adding it to any Ranch Hand bumper will reduce the tongue weight to 500 lbs. and the towing capacity to 5000 lbs. Available with 8" or 10" drops. Optional back up/work lights available with 10" drop only. Do not exceed vehicle manufacturers recommended towing capacity.

Jeep Back Bumper

This heavy Jeep duty back bumper is made from formed channel and has diamond plate step plates and skirts. It also features welded and tapered ends. The 63" length is long enough to protect the rear body corners. Comes standard with 2" receiver to handle a portable winch or receiver shackle bracket, safety chain hooks, lights and durable black powder coat finish. Bumper has a Class 2.5 rating and is V5 tested to 400 lbs. tongue weight and 4,000 lbs. towing capacity. Do not exceed vehicle manufacturers recommended towing capacity.

Dually Back Bumper

Ranch Hand offers a full wrap around rear bumper that is made of 4" schedule 40 pipe with a diamond plate step plate. This bumper is V5 tested to 1000 pounds tongue weight and 10,000 pounds towing capacity. This bumper will accept a bolt on receiver tube. Adding the bolt on receiver tube to any Ranch Hand bumper will reduce the tongue weight to 500 lbs. and the towing capacity to 5000 lbs. Available only with 10" drop and back up/work lights. Do not exceed vehicle manufacturers recommended towing capacity.

THE BUMPER COMPANY

Terms and Conditions

Limited Warranty:

The Bumper Company warrants all parts it sells, furnished under this agreement, to be free from defects in workmanship and material for a period of 90 days from the date of purchase. This limited warranty covers the cost of the product. This limited warranty does not cover 1) installation, 2) labor, 3) freight, 4) normal wear and tear, 5) abuse, or 6) damage caused by collision. This limited warranty is void if the product shows signs of alteration, modification, misuse, mishandling, improper care, and/or neglect. Also, this limited warranty is void in the event of improper installation by anyone. The liability of The Bumper Company under this warranty is limited, at The Bumper Company's option, solely to repair or replacement with equivalent products. This limited warranty is conditioned upon (a) The Bumper Company being notified by Purchaser within one month after purchase of any defects, (b) the return of the defective product(s) to The Bumper Company within the limited warranty period; and (c) The Bumper Company's examination of such product(s) and its satisfaction that such defects were not caused by negligence, misuse, improper maintenance, accident, or unauthorized repair or alteration. The original limited warranty period of any product repaired or replaced by The Bumper Company shall not thereby be extended. During the warranty period, this limited warranty is fully transferable, for so long as the warranty is in place.

Return Policy:

The Bumper Company will honor any merchandise returned in original condition, not have been installed, be 30 days or less from date of invoice. All **authorized** returns will be subject to up to a 25% restocking fee.

Return Goods Authorization (RGA) number and Freight Carrier must be obtained from The Bumper Company prior to returning product. Returned goods shipped freight collect to The Bumper Company will be refused.

Return products listed on the RGA only. Any **unauthorized** return will be subject to a 40% restocking.

Freight Claims:

The Bumper Company shall not be responsible for any freight damage. Purchaser must file any freight claims with the shipper at time of delivery. If it is necessary to refuse shipment because of damage, you must notify The Bumper Company within 48 hrs.
